## COMMUNITY ACTION FUND YEAR END REPORT

April 2018 – March 2019

### 1.0 Introduction

The Community Action Fund aims to deliver small grants to community groups, in order to help residents and volunteers deliver projects which will enhance their local area, make it safer, and help achieve the Police and Crime Commissioner's priorities as set out in Lancashire's Police and Crime Plan.

The fund was started in 2013/14 when £46,655 was allocated to 34 successful applicants in grants of up to £2,500.

As a result of increasing interest from community groups and organisations the Commissioner increased the fund to £100,000 to maximise the impact of the Fund whilst ensuring that it is at a level that can be fully allocated.

In April 2018 the Commissioner reviewed the Community Action Fund criteria which specified:

- Organisations who have more than £10,000 in unrestricted reserves are ineligible for Community Action Fund funding.
- The maximum grant organisations could apply for was £2,500.

The Commissioner increased the reserves limit to £25,000 and the grant maximum to £3,000.

Applications are considered on a monthly basis by the OPCC and LANPAC (Lancashire Partnership Against Crime). Following the meeting a decision report is submitted to the Commissioner with recommendations on the applications and once approved LANPAC informs applicants whether or not their application has been successful or whether further information is required.

### 2.0 Impact

In 2018/19 the Community Action Fund received 77 applications with 48 grass root organisations being successful. A total of £111,625.16 was distributed to projects across Lancashire, with the additional £11,625.16 funding being contained within the overall PCC revenue budget.

The aim of the Fund is to support smaller organisations and community groups deliver projects and improvements within their communities.

**4.0 Awareness of the Community Action Fund**

To encourage more organisations to apply, in particularly groups from deprived areas of the county, the Commissioner's office promoted the fund in a number of ways; case studies, Commissioner visits, social media, leaflet refresh, stakeholder engagement and press releases that gained attention from regional & local newspapers.

Following targeted promotion we have seen a huge increase in interest from organisations within East division, in 2017/18 Blackburn with Darwen only seen one successful applicant compared to 18/19 where 8 local organisations received Community Action Fund funding.
