Office of the Police and Crime Commissioner for Lancashire	The Office of the Police and Crime Commissioner (OPCC) fully supports this project and recognises its potential to positively impact youth engagement and community safety in Chorley.
ASB, Prevention and Problem-Solving Command	The project is strategically located in a key problem area, which makes it ideally placed to have impact. I particularly appreciate the plan to expand provision during school holidays, and the potential to offer transport to their main gym in Coppull if the initiative proves successful.
